ELECTRIC FIREPLACE:

Electric Fireplaces are ideal for creating an instant upgrade to home or hotels etc , it's easy to fit and install anywhere in your home , It consists of flaming effects and use of heating operation is not mandatory during flaming effects operation. Electric fireplaces are very handy where it is not feasible to install a Gas or Wood-Burning Fireplaces / Stoves. Electric Fireplaces are ready to spread comfort and warmth instantly by open the packing box and plug the product. it can be floor mounted , insert in Mantel and also can be hang / recessed on a wall Floor mounted , Electric Fireplaces are cost-effective as used low-energy LED flames to create realistic flames that can be seen both in day and night. While the main purpose of fireplace in home is the heat aspect, fireplaces also provide a unique ambience that instantly makes your home feel comfier and cozier. With an electric fireplace you don't need to heat up your home to achieve this ambience, as can use as both with heat and non-heat functions, which allows to use the fireplace for all weathers in a year, and even body remains cool to the touch during producing heat, installation of electric fireplaces is very easy and can be move / mount anywhere in the room. Electric fireplaces not require any type of vent, service /maintenance. An electric fireplace is a great, clean-energy alternative to a gas or a wood fireplace as its Fume-free and low-maintenance

WOOD FIREPLACE:

A wood burning fireplace is cozy addition ina home for giving a feeling of comfort, warmth and relaxation in winters with classy touch of ambience to your living areas,It is less expensive to warm the home and provide cozy warmth and a cheery place to escape the cold by producing the natural heat &flames by using dry wood, the wood ash also makes excellent plant fertilizer for a home garden. Wood Fireplace is the result of innovative design with 80% efficiencies of heating and it reduces impact on the environment with less carbon dioxide emissions, wood fireplaces require a chimney (vent pipe).

ETHANOL FIREPLACE:

Ethanol fireplaces are a relatively new type of Fireplace that is maintenance-free & environmentally friendly which can be used without the chimney (vent pipe),. These fireplaces are easy to set up and use by simply adding bio-ethanol fuel to the this fireplace and igniting the fuel with a suitable lighter. An ethanol doesn't leave behind soot or as

Model: IMF-W-301-04GR

Decorative Electric Fireplace 21 inches without Heat & Remote, Matt Black

- Product size 21 x 20 x 7 inches (L x H x D)
- Mantel Cavity require 22 x 21 x 8 inches
- 3 colors low energy LED Flames technology
- LED flames rated power 28W
- Rocker switches operated
- Plug type 3Pin Top, 6A , cord length 1.5Mtr
- Power cord Location at Right Side
- Product Weight NW/GW 10.2kg / 11.8kg

- Easy to install and operate
- All weathers use product for interior/decoration
- Warranty 5 years

Model: IMF-H-301-06R

RVA Decorative Electric Fireplace (21 inches) with Remote, Matt Black, 1800W

- Product size 21 x 20 x7 Inches (Lx H x D)
- Mantel Cavity require 22 x 21 x8 Inches
- 3 color low energy LED Flames technology
- Two power settings 900W /1800W
- 4 hours Timer setting
- Approx. heating capacity 200 sq ft.
- Plug type 3Pin Top , 16A
- Power cord length 1.5Mtr
- Product Weight NW/GW 11.5kg / 13kg
- portable / Insert / Floor Mounted
- Easy to install and operate
- Use of heating operation is not mandatory during flames working
- All weathers use product for interior/decoration/warming
- Warranty 5 years

Model: LTF-2824H-BR

RVA Decorative Electric Fireplace 28×24x7 inches with Remote, with heat, Matt Black,

- Product size 28 x 24 x 7 inches (Length x Height x Depth)
- Mantel Cavity require 29 x 25 x 9 inches minimum (Lx H x D)
- 3 color low energy LED Flames technology
- Two power settings 900W /1800W
- Up to 4 hours Timer setting
- Approx. heating capacity 250 sq ft.
- Plug type 3Pin Top , 16A
- Power cord length 1.5Mtr
- Plug Location at back Right Side (if seen from front)
- Product Weight NW/GW 20.5kg / 23kg
- Insert / Floor Mounted
- Easy to install and operate
- Use of heating operation is not mandatory during flames operations
- All weathers use product for interior / decoration / warming
- Warranty 5 years

Model: IMF-H-301-11R

RVA Decorative Electric Fireplace (28 inches) with Remote, Matt Black, 1800W

- Product size 28 x 20 x 7 Inches (Lx H x D)
- Mantel Cavity require 29 x 21 x 8 Inches
- 3 color low energy LED Flames technology
- Two power settings 900W /1800W
- Up to 4 hours Timer setting
- Approx. heating capacity 200 sq ft.
- Plug type 3Pin Top , 16A
- Power cord length 1.5Mtr at back Right Side
- Product Weight NW/GW 15.8kg / 18kg
- portable / Insert / Floor Mounted
- Easy to install and operate
- Use of heating operation is not mandatory during flames working
- All weathers use product for interior/decoration / warming
- Warranty 5 years

Model: IMF-W-301-08GR

RVA Decorative Electric Fireplace 28 inches with Remote, No heat, Matt Black,

- Product size 28 x 20 x 7 inches (Lx H x D)
- Mantel Cavity require 29 x 21 x 8(Lx H x D)
- 3 color low energy LED Flames technology
- LED Flames rated power 60W
- Up to 4 hours Timer setting
- Plug type 3Pin Top , 6A
- Power cord length 1.5Mtr
- 220V-240V~50/60Hz
- Plug Location at back Right Side
- Product Weight NW/GW kg 14/16.5kg
- portable / Insert / Floor Mounted
- Easy to install and operate
- All weathers use product for interior / decoration
- Warranty 5 years

Model: IMF-A-301-06 RVA Decorative Electric Fireplace (28 inches) with Remote , 2000W , Matt black

- Product size 28 x 16 x 7 inches (L x H x D)
- Mantel Cavity size require 29 x 17 x 8 inches
